

Sierra Sun

by WALTER M. BARRETT

We believe that the annual observance of Public Schools Week in California is one of the most important projects sponsored by the Masonic Lodge. Particularly at this time, when so much of the world is all tangled up in wars and politics, it is refreshing to know that we still have public schools, for the most part free from those elements which have thrown the world into such a mess. Here in Truckee, like many other towns, we are apt to permit our schools to run along the even tenor of their ways, hoping, but not particularly caring, that everything is as it should be. Public Schools Week gives us a rare opportunity to see first hand just what the schools are doing, what progress is being made and how our future citizens are being taught the basis of Americanism. It behooves each of us to take advantage of this one week, if we cannot find time to give further attention to this all-important subject, and join in observance of Public Schools Week. What our children are learning in school will go a long way in deciding what the future holds for our country. Let's not take the subject too lightly.

With only a week remaining before we will start dunking the worm in hopes of attracting one of those wily denizens of the local waters, it is difficult to settle down to write a column, but with interest in fishing what it is, we wonder if it will be read anyway.

Each day more and more businessmen and residents are arriving at Lake Tahoe to make preparations for the biggest summer ever recorded there. Prospects are brighter than they have ever been and opportunities for enjoyment and a real vacation are being increased by the alert resort and businessmen of the lake area.

Loynd's Drug to Feature Rexall "One Cent Sale"

Starting next Wednesday and continuing through Saturday, Loynd's Truckee Drug will feature one of the Rexall famous one-cent sales. One cent added to the regular purchase price of the advertised items will entitle the customer to a second item of the same size and price.

The list of items will include remedies, drug accessories, cosmetics, stationery and, in fact, all the usual products carried in a first class drug store.

A partial list of the items advertised will be found on another page of the Sierra Sun today.

Work Progresses on Local Laundry and Dry Cleaners

Carpenters and stone masons under the direction of Jack Wolert and John Gallerani have started work on the addition to Fontana's Laundry and Dry Cleaners. The addition, running the full length of the east side of the laundry, will house the modern dry cleaning plant when completed. A partition will separate this unit from the laundry.

At present the dry cleaning plant is located in the rear of the laundry, but because of the increasing business it was necessary to construct the new unit.

The building will alter the entire structure, providing for a higher roof and a new stucco front. More than \$4,000 will be expended on the project.

Truckee-Tahoe Rotarians View Pix of Telephone

A motion picture entitled "The Modern Alladin's Lamp", depicting the progress made in the important technical features of the telephone was presented before a meeting of the Truckee-Tahoe Rotary Club at Emigrant Trail Lodge Monday night by A. P. Leitch, manager of the telephone company here. Stan Martin was the program chairman and Theodore Schleuter presided.

Guests included C. Don Huff of Homewood, F. W. Gaiennie of Truckee, Earl Edmunds and C. Van Every of Soda Springs and Ernest Danziger of Norden.

The next meeting will be held at Vanderford's on Donner Summit.

Legion Planning Reception Here For District 6

Affair Slated to be Held In New Vets' Building May 25

TO HAVE PROGRAM

Invitation Extended Where Vets Attend Meet At Colfax

Plans are being made by the members of Truckee Post No. 439, American Legion, to entertain members of the Sixth California District and the Placer-Nevada Bi-County Council of the organization at a meeting to be held here May 25.

Auxiliary members will also be at the sessions, it is planned.

The Sixth District embraces all the posts of the Sacramento area and much of Northern California so a large attendance is anticipated. The business sessions are slated to begin at 2 P. M.

Plans for the affair were made at a Bi-County Council meeting held in Colfax Monday night and attended by C. R. Heller, Joe Lake and Frank Holt, representing the local post.

Commander Henry Loehr said that committees will be named at the meeting of the post here May 6 to have charge of arrangements. New officers will be nominated and elected at the May 6 meeting so that they may be installed when the district meeting is held.

A number of state Legion officials are expected to attend the meeting.

Mrs. Corrigan is Honoree At Shower at Lake Tahoe

TAHOE CITY—Mrs. Carl Bechdolt, Jr., entertained on Wednesday at a dessert bridge and stork shower in honor of Mrs. Bernard Corrigan of Tahoe Park. Six tables of contract and auction were in play with first honors at contract going to the honoree and consolation to Mrs. E. V. Bliss. At auction, Mrs. C. A. Swanson and Jean Wheat tied for first and Mrs. Henry Worden took the consolation award.

Others present included Mrs. E. H. Pomin, Mrs. N. R. Mayfield, Mrs. Paul Crandall, Mrs. Stanley Martin, Mrs. Jerry Lewis, Mrs. A. M. Henry, Mrs. Weller Atherton, Mrs. Floyd Carnell, Mrs. Carl Wheat, Mrs. Chris Boyiaredes, Mrs. Lloyd Yeakel, Mrs. Carl Bechdolt, Sr., Mrs. Stella Watson, Mrs. Jess Sisk and Mrs. Helen Wayne. Tables and rooms were attractively decorated in spring flowers and roses. A lace covered basket covered the numerous gifts to the surprised honoree, who is the wife of the coach and instructor at the Tahoe branch of Placer Union High School.

Handicraft Exhibit Shown In Public Utility Window

The woodwork and art exhibit in the office of the Truckee Public Utility District, made and arranged by the students of the freshmen and sophomore classes at the high school, is attracting much favorable comment. The work was done under the direction of Miss Lois Robinson, instructor in the home making classes at the high school.

Pasadena Ski Champion Captures Silver Belt

NORDEN—Chris Schwarzenbach, young Pasadena Ski Club star, Monday took the Silver Belt trophy from a fast field at Sugar Bowl in the giant slalom race.

The Far West Kandahar winner took the event in one minute, 39.3 seconds, edging out Bob Blatt of Stanford University, who made the run in 1:39.4. John Blatt of Yosemite was third.

Clarita Heath of Sun Valley, Idaho, captured women's honors in the classic, handily beating Yvonne Blossom of Pasadena.

SLAYER OF RENOITE, KNOWN HERE, GIVES SELF UP IN NEVADA

A 20-year-old escaped feeble-minded home inmate, who gave his name as John Carter, was arrested in Lovelock yesterday and charged with the slaying of Martin Vallanueva, 40, one of the partners in the Toscano bar, Wednesday morning during a robbery.

Vallanueva was well known here and he and his family, his wife and two children, annually spent a two weeks vacation in Truckee. They were close friends of the Andre Oroz family.

Carter was captured by Sheriff J. H. Clawson of Lovelock who stopped a freight train and arrested the suspect who was returned to Reno. Carter is said by Clawson to have admitted shooting the bartender with a .22 calibre gun.

Carter is said to have escaped from a Lincoln, Neb., home for the feeble minded four months ago. He still had a .22 calibre automatic in his possession when arrested.

Father of Mrs. Loynd Passes in Richmond

Funeral services were held yesterday afternoon in Richmond for C. H. Noyes, father of Mrs. E. L. Loynd, who expired there Sunday night following a long illness. Mrs. Loynd was called to her father's bedside and arrived only a short time before his death.

The deceased was a retired employee of the Hercules Powder Company where he had been working for many years prior to his retirement.

Besides his daughter, who lives in Truckee, Mr. Noyes was survived by his widow and two sons, one residing in Richmond and the other in Pinole.

Highway 50 Association Holds Meet at Globin's

TAHOE CITY—Fifty members of the Open Highway 50 Association held the second meeting of the season at Globin's Hotel last week.

About 500 members now belong to this group which has as its purpose the promoting of publicity for the Highway 50 region.

Hollywood Company At Sugar Bowl For Shots

A company of Hollywood people from the MGM studios are located at the Sugar Bowl while the production "The Twin" is being filmed. The story will star Greta Garbo and Melvyn Douglas. A large number of local skiers and extras are being employed in some of the scenes.

Record Crowd Expected At Lions Ladies Night

Indications are that approximately 80 Lions and their guests from the Truckee club will attend a ladies' night dinner meeting at Soda Springs Saturday night, Secretary W. M. Englehart, Sr., who is making reservations, announces.

A program is being arranged which will include a Reno musical group to provide music for dancing. Several out of town visitors are scheduled to attend.

Airways Employee Weds Alhambra Girl Saturday

Miss Dorothy Newgaard of Alhambra and Marvin R. Felt of the Donner Summit Airways station, were married in Reno Saturday and have returned to make their home in Truckee.

Felt has been employed at the summit for the past year and is well known in this district.

Tahoe Plumber Returns After Winter at Berkeley

Mr. and Mrs. W. J. Urch have returned from Berkeley where they spent the past winter and Urch has reopened his plumbing shop at Homewood which he operates during the summer months. He reported that prospects are bright for a busy season at Lake Tahoe and expressed himself as pleased to be back home.

Picnicker Has Narrow Escape In Local River

Vallejo Woman Finds River Dangerous For Playing

'PHONE MEN RESCUE

Sailor Friend Helpless As Woman Is Washed Away

Miss Lola Johnson, 23, 1841 Alhambra Street, Vallejo, decided to wade the Truckee River, but underestimated the chill of the water and the fast current. As a result the young woman nearly lost her life Tuesday before she was rescued by Deputy Sheriff N. F. Dolley and members of a Pacific Telephone and Telegraph company construction crew under the foremanship of Frank Tolle of Reno.

With a companion, T. J. Laggins, 34, sailor off the U. S. S. North Hampton at Mare Island, Miss Johnson was enjoying a outing near the Farad camp ground east of here. She decided to wade the river, rather swift at that point and struck out for the opposite bank.

She reached the side across from the highway without mishap, but the return proved to be not so easy. She stepped into a hole, was thrown off her balance and being caught up by the current was carried more than 200 yards and deposited on the side of the river across from where Laggins stood helplessly crying for aid.

With all but her face submerged, Miss Johnson lay for nearly an hour while Dolley and the telephone men rigged up an improvised cable chair which was used to bring the woman to safety. She was rushed to Truckee by Dolley and after being revived by Dr. J. H. Bernard proceeded home.

Licenses Issued in 1929 Voided by Vehicle Dept.

Truckee automobile drivers have been informed that a second group of 1929 drivers' licenses, including all those issued in April, May and June of that year have been cancelled by order of James M. Carter, director of motor vehicles.

The order, issued as a safety move, is effective May 1 and is statewide in scope.

Licenses issued during the first three months of 1929 were cancelled under an earlier order effective April 1. It was pointed out that it is a misdemeanor to drive with a cancelled operator's license and immediate replacement was urged.

Applicants are required to submit to a vision test and give a practical demonstration of ability to drive safely.

Cisco Post Office Post Up for Examinations

A civil service examination will be held in Nevada City for postmaster at the Cisco office. Anyone residing in the territory served by the office and between the ages of 21 and 65 may make application to take the examination until the closing date, which has been set for May 2nd. Application blanks may be secured at the Cisco post office or from the U. S. Civil Service Commission in Washington, D. C.

BOLT HITS TOWER

A bolt of lightning caused a bit of excitement here this afternoon when it struck the fire siren tower and set the big blast howling while the thunder played a weird accompaniment.

The Truckee Meat Market this week underwent a complete renovation and painters have completed the task of redecorating the interior and exterior of the establishment.

Besio's Italian Restaurant is decked out in a brand new coat of paint for the spring. Painters are busy in other parts of town brightening the village up.

F.A.M. SPONSORING SCHOOLS WEEK OBERVANCE HERE

Public Schools Week will be observed here from April 28 to May 2 and will be climaxed by a program, to which the public is invited, at the grammar school auditorium Friday, May 2, at 8 P. M.

The program is sponsored by Truckee Lodge No. 200, F. and A. Masons, with G. E. Hofmann and Elden Tonini heading the committee. Arrangements have been made for an interesting, educational program in which S. M. Barooshian of Placer Junior College will be the main speaker. Barooshian is a widely known educator and speaker and deserves a large turnout.

The observance marks the 22nd annual affair of its kind sponsored by the Masonic Lodges of California and is annually becoming larger in scope.

Chief of Donner Airways Station Goes to Salt Lake

Claude Herrold, who for the past five years has been in charge of the Donner Summit airways radio station, left Saturday for Salt Lake City where he assumed his new duties as senior radio electrician at the Salt Lake airport. Herrold has been employed with the government in the airways division for many years and well earned the promotion to which he was appointed. His position on Donner Summit will be filled by Samuel Barr and the new man on the staff will be Francis P. Leger of Long Beach.

Herrold will be joined by his wife, a resident of Alta, in the near future.

Kings Beach School Pupils Have Novel Entertainment

by MRS. MADELINE GALLERANI
KINGS BEACH—Station KES went "on the air" at 1 P. M. Friday night on schedule. Irene Gallerani acted as mistress of ceremonies. Teacher Marion Wittman accompanied the children on the piano for all songs and dances. The complete program is produced and directed by the children.

The first on the program was Dale Burt who recited a poem, "My Sun Beam". Geraldine Rice, Betty Mae Hill and Irene Gallerani did a bit of harmonizing on "I Have a Dear Old Daddy". Robert Appleby recited a poem. The class sang "Billy Boy". Anna Marie Appleby recited a short poem. Geraldine Rice did a clever tap dance to "An Apple For the Teacher." Ray Sorenson recited a poem. Geraldine Rice and Robert Appleby read some very entertaining stories. All the boys sang "I've Been Working on the Railroad", followed by the girls singing "Old Fashioned Garden." Irene Gallerani recited a poem. The entire class sang "Home on the Range". The primary class sang several little songs. Billy Stelsreid told a very clever joke. Current events were given by Geraldine Rice, Dale Burt, Irene Gallerani, Ray Sorenson, Jim Astle and Betty Mae Hall.

Several requests came for a repeat performance of the "Easter Parade" and the children willingly obliged and the program came to a close. The next program will take place at the same time this week over the same "station" (King's Beach School House).

Permits Now Required To Burn in Forests

Persons planning to burn brush or other debris, or use fuse in blasting operations, are again reminded that formal permits are required under the state law after April 15. For lands outside of the National Forests, permits should be secured from the nearest state forest ranger and within the forests, from the nearest national forest ranger, according to E. L. Baxter, assistant forest supervisor of the Tahoe forest in Nevada City.

Local rangers are Hobart Snider at Truckee, Charles Arment at Tahoe Public Camp, and John R. Hodgson at Big Bend.

Fishing Season Will Open Here Next Thursday

Prospects Bright For The Opening Days Of Season

PLANT INCREASED

Merchants Invite Anglers To Truckee For May 1

Unless the predictions of the local sportsmen fall short, Truckee and Lake Tahoe are scheduled for one of the best fishing seasons in many years.

The season opens on the Truckee River, Lake Tahoe and Donner Lake next Thursday morning at 4:01 A.M.

Indications are that the river and streams will not be too good for fly fishing, although the water is clear for the most part, especially in the Truckee. Because of the mild winter, the snow runoff has not been as great as in past years and the water is excellent condition.

The state fish and game commission last year planted nearly four million trout fry in the district while more than 100,000 half-grown trout, raised at the San Francisco Flycasting Club's tanks, were released late in the fall to provide ample fish for this season.

Roads are good to all the streams which will open May 1, including the Little Truckee, Prosser, and Martis Creeks. Weber, Independence and lakes and streams in the district will not open until May 30.

Local anglers are preparing with a great deal of pleasure for the opening morning when the worms and grubs will predominate for lures and deep fishing will be the style. Experts with the fly, however, should not be disappointed if the weather and water remain as they have for the past week.

Generally Good

SACRAMENTO (UP)—A generally excellent trout season was predicted by the division of fish and game as a result of improved stream flows, a record snow pack in the Sierra Nevada and increased fish planting activities of the division.

The 1941 trout season opens in most areas of the state on May 1.

Fishing in the early weeks of the season may not be so favorable as later, wardens said, because of high water. Only expert anglers may be able to take limits in the early season, it was said.

Rebekahs Mark 123rd Year of Odd Fellowship

Naomi Rebekah Lodge No. 2 of Truckee fittingly observed the 122nd anniversary of Odd Fellowship on Wednesday evening.

Whist and bingo were the diversions of the evening. Mrs. Lotta Bryant and J. W. Cartwright held high scores at whist and Mrs. Jessie Michael and Jerry Zunino, low. The winners at bingo were F. A. Titus, Mrs. Alvah Anderson and Mrs. Emma Powell.

Andrea Armati was awarded the Rebekah emblematic pillow donated by Mrs. Hannah Stewart.

Thirty-five attended and enjoyed the refreshments that followed the busy evening.

Sierra Grocery Puts In New Vegetable Cooler

Barton and Bowers of the Sierra Grocery have this week installed a new Super-Cold, a late model vegetable cabinet and display, completely refrigerated to the right temperature to keep vegetables in morning fresh condition. The cabinet is nine feet long and holds a large volume of all kinds of fresh vegetables. It is claimed that the moisture content of the air within the Super-Cold is maintained near the "dew point" so that all fruits and vegetables retain their natural color without loss of flavor due to wilting.

NOTICE OF HEARING ON PETITION FOR ORGANIZATION OF MUNICIPAL CORPORATION TO BE KNOWN AS CITY OF TRUCKEE

WHEREAS there has been filed with the Board of Supervisors of the County of Nevada, State of California, a petition for the organization of a municipal corporation, to be known as the City of Truckee, and which said petition is as follows:

BEFORE THE BOARD SUPERVISORS OF THE COUNTY OF NEVADA, STATE OF CALIFORNIA

IN THE MATTER OF THE PETITION FOR ORGANIZATION OF MUNICIPAL CORPORATION TO BE KNOWN AS "CITY OF TRUCKEE."

PETITION TO THE HONORABLE, THE BOARD OF SUPERVISORS OF THE COUNTY OF NEVADA, STATE OF CALIFORNIA:

The petition of the undersigned respectfully shows:

I That your petitioners desire to have organized a municipal corporation to be known as the "City of Truckee," and to provide for the election of officers thereof, in accordance with an act to provide for the organization, incorporation and government of municipal corporations, California Statutes of 1883, page 93, as amended.

II That each of your petitioners is the holder of title or evidence of title to lands situate within the limits of the municipal corporation herein proposed to be organized, as defined by statute.

III That the undersigned petitioners own collectively not less than twenty-five per cent (25 per cent) of the value of the land included in said limits as such value is shown on the last equalized assessment roll of the County of Nevada.

IV That the number of inhabitants within the said boundaries, as nearly as may be determined, is fifteen hundred (1500).

V That the said property includes both densely populated and industrial areas, all situated within Township Seventeen (17) North, Range Sixteen (16) East, Mount Diablo Base and Meridian, and is more particularly and accurately described as follows:

Commencing at the Northeast corner of the South half of the Southeast quarter of Section Ten (10) Township Seventeen (17) North, Range Sixteen (16) East, M.D.M.; thence Westerly along the North line of said subdivision, 2640 feet, more or less, to the Northwest corner of said subdivision; thence southerly along the West line of said subdivision to the quarter section corner between Sections Ten (10) and Fifteen (15); thence Westerly along the section line, 2640 feet, more or less, to the section corner common to sections Nine (9), Ten (10), Fifteen (15) and Sixteen (16); thence Westerly along the section line 2640 feet, more or less, to the quarter section corner between Sections Nine (9) and Sixteen (16); thence Southerly along the center line of Section Sixteen (16) to its intersection with the county line between Nevada and Placer Counties; thence Easterly 7920 feet, more or less, along the said county line to its intersection with the East line of Section Fifteen (15); thence Northerly along the East line of said Section Fifteen (15) 3780 feet, more or less, to the Southeast corner of the Northeast quarter of the Northeast quarter of Section Fifteen (15); thence Easterly along the South line of the North half of the Northwest quarter of Section Fourteen (14), 2640 feet, more or less, to the Southeast corner of said subdivision; thence Northerly along the East line of subdivision, 1320 feet, more or less, to the quarter section corner between Sections Eleven (11) and Fourteen (14); thence Northerly along the East line of the South half of the Southwest quarter of Section Ten (10) 1320 feet, more or less, to the northeast corner of said subdivision; thence Westerly along the North line of said subdivision 2640 feet, more or less, to the Northwest corner of said subdivision, identical with the Northeast corner of the South half of the Southeast quarter of Section Ten (10), and the place of beginning. The above described land being in Township Seventeen (17) North, Range Sixteen (16) East, M.D.B. and M.

WHEREFORE your petitioners pray that this petition be accepted for filing and that upon hearing held in accordance with law the Board of Supervisors fix and define the boundaries as hereinabove set forth, and ascertain and determine how many inhabitants reside within such boundaries; that the Board cause notice of election to be given as provided by law, for the purpose of determining whether the said proposed corporation shall become incorporated and for the purpose of providing for the election of such officers as shall be required for such city of the sixth class, and that upon the casting of sufficient votes therefor the Board make its order declaring the said territory duly incorporated as a municipal corporation of the sixth class under the name and style of the "City of Truckee."

IN WITNESS WHEREOF, the undersigned petitioners have hereunto affixed their name and the day and year hereinafter set forth opposite their respective signatures:

CONTROL OF MONEY

"We must keep constantly in mind that the threat to the American system of banking is growing both in scope and intensity," said C. E. Reardon, president of the Illinois Bankers Association, in a recent speech.

Anyone who has watched the governmental trend in late years must agree with that. Government has gone into banking to a far greater degree than most of us realize. There are literally scores of Federal agencies which are in the credit business in one way or another. Some of these may serve a necessary purpose. But no matter how beneficial they are, they pose an extremely serious problem.

The problem, briefly stated, is this: Can the trend be stopped before private banking disappears, and the government attains absolute control over the capital and savings of the people? Certainly, the average run of politicians will not voluntarily stop it—they are ever lustful for more power. It can be stopped only if the people will it so—and make their will known to those who pass and administer the laws.

Government in banking is perhaps the most important step along the road to dictatorship — as the dictators themselves have often frankly said. He who controls a nation's money, controls its destiny. Only if that control remains vested in the people, as it does today, can the Republic be preserved.

—from PRO AMERICA.

CENSORSHIP AND NEWS

Censorship, a word with a distinctly unwelcome echo to American ears, has come into the foreground of national attention, touched off by the arrival in New York harbor of a damaged British warship. The Navy requested newspapers that no mention be made of this event, a request that was willingly complied with by all save a very small number of newspapers.

Since the arrival of the warship, in broad daylight, was witnessed by thousands of spectators, no great harm was done by publication of the fact. Yet the Navy's suggestion was based on reasonable grounds. This nation is wholly committed to a policy of aiding Britain. Information given out concerning damaged British war vessels being repaired in American harbors is of military value to Britain's enemies who will be in a position to determine the extent of damage done, the probable time required for repairs, and from what port the ship will again take to the high seas.

However, censorship is not likely to become a critical issue. The American press went through the World War without censorship—save on vital military information—and the threat of it is even less likely in this period of rearmament.

"A republic is the only form of government reconcilable with the genius of the American people."—Madison.

What Makes a Restaurant Popular?

Good food, properly cooked, expertly and pleasantly served, is what makes a restaurant popular...and it's partly the reason for our popularity with the people of Truckee and Tahoe. Too, our prices are right—low enough for your profit, high enough for our profit for us.

My Place In The Sun

by DOUG BARRETT

I warn't thar (because of more pressing business) but I hear the H and W club of Meeks Bay put on a darned good show here Saturday night at the legion hall. C. Reess Heller tells me that he'll never again chairman a dance but that will more than likely go the way of most "never agains". Now that the Legion and the K of P have found friend Charlie, I'm afraid he's in for it. Every club has a few—usually too few—live wire workers and Heller is just that multiplied several times. Anyway, everybody I talked to had a good time and look forward to the day when the lakers come down and put on another shindig.

A bunch of the young fellows in town—including yours drooly—are toying with the idea of an athletic club to take in guys from 13 up who are interested in boxing. The boys figure that this will take up where the Junior Game Patrol leaves off as far as the age limit is concerned and a few of us will be holding informal meetings to sort of perfect the idea which I think is a pretty good idea even if I didn't think of it first. Nook Freitas—if that's the proper spelling—has the eye and stance of a damned good boxer and would make a good champ for the other boys in his class to try and unseat. Bill Preston was out first casualty when he ran into "Billy the Kid" Waters' noggin with his lower lip and cut it—the lip of course. But all in all, I think this movement deserves support, don't you?

I was down in Oakland and "The City" last weekend with The Girl Friend and while Chinatown was intact and the cable cars were as much of a thrill as ten years ago, somehow going over the bay without a ferry just didn't seem right. I guess I'm too sentimental for the march of time.

Muddling Musing while on an ad selling tour: spotted "high school" quarterly "The Static" on Bill Waters shine stand and read Rose Petroni's fine editorial....spoke to Mrs. Larry Owens, Annie Tonini and the Harry Olivers chatting in the Olivers' big green Packard....Angelo Besio and Sharon Pace pairing it down Commercial Row. On him it looks good....the Red and White's new refrigerated vegetable rack is attracting a lot of comment as is Tonini's recent addition to his store fixtures....Johnny Moro and his dime dog waiting front of the post office....general private observation No. 2008399: I cannot understand why young man should be ashamed of being in love. After all the folks that laugh at you usually indulge in lot baser emotions and have a darned sight more to be ashamed of. Then, too, it does your vitality more good than a bowl of spinach and your soul more good than the whole ministerial union and I don't lack respect for either of these agents.

IMPORTANT P. S.: Everybody urge Harold Hart the baker to turn out fruit salad pies. Mrs. Hart gave me a preview piece the other day and if that don't beat any pie you've ever et, I'll eat it—with gusto.

The dairy industry is California's single source of agricultural income.

Tahoe Region News Briefs

The S. P. construction crew and work train are making a fill on the spur track at Tahoe City where the trestle was.

Mr. and Mrs. Ed Wagner of Lake Forest are driving a new green Pontiac sedan.

Mr. and Mrs. Theodore Schleuter left Tuesday for a trip to Oakland and the bay region.

Gene Anderson of Tahoma is employed at the Oasis in Palm Springs. The Lake Tahoe Ski Club will entertain at a potluck dinner for members at Tahoe Community Center on Friday, April 25. Mrs. Sam Goss is chairman of the committee in charge of the arrangements.

Mr. and Mrs. Phil Geier of Rubicon were dinner guests at the home of Mr. and Mrs. Ben Callender Friday night.

Mrs. Ethel Carter of Los Angeles spent Easter vacation at the home of her parents, Mr. and Mrs. Ed

Wagner, Lake Forest.

Miss Donaldine Grass of Sacramento Junior College entertained a house party of friends at her home near the Dollar hill over the weekend and attended an educational meeting in Reno.

Mr. and Mrs. Harry Johanson returned Saturday from their wedding trip to Esenada, Palm Springs, San Diego, San Francisco and other coast points.

Mr. and Mrs. W. J. Urch have returned to their Tahoe home for the season.

Mrs. Meta Renner and daughter, Betty, returned Sunday from a winter vacation in the south.

Mrs. Arthur Brodehl and family returned on Sunday to their Grove Street home.

Mrs. Stella Watson spent Easter at the Don Fletcher home in Lovelock, Nevada.

Mrs. Sam Goss will be the housekeeper at Cal Vada this year.

The recent dance given by the North Tahoe Community Club at Kings Beach school was a big

success, drawing about 100 people from all nearby communities.

Traffic was heavy over the weekend. Resort owners all around the lake are getting ready for the season.

A. M. Anderson has leased the Carl Bechdolt, Jr., grocery store and will open for business in a short time. Anderson has been at Tahoe since 1924 and formerly operated a grocery store in Montana.

Mr. and Mrs. Chris Boyarides have bought out Nease's Fountain in the Darlin Building.

Pedro Equinoa returned to his Lakeview Drive home on Sunday.

Several friends who were invited to Captain Hans Hansen's for dinner Sunday night, surprised their host by arriving bearing gifts to celebrate the birthdays of the host and Canton Iverson. Birthday cakes with appropriate candles were also among the gifts. Guests included Mr. and Mrs. Homer Palmer, Mr. and Mrs. Radford Kiefer, Mr. and Mrs. A. M. Henry and William Elam.

Lake Tahoe News

by ANNE B. ANDERSON

LAKE PREDICTED TO HIT MAXIMUM JUNE 25th SAYS SURVEYOR

RENO—The Nevada Cooperative Snow Survey, after completing its April 1 survey tabulations, predicts a probable runoff of the Truckee River, exclusive of any water releases from Lake Tahoe, of approximately 260,000 acre feet, 79.8 of normal. The forecast foresees normal precipitation. The tabulations also expect the runoff on the Little Truckee watershed will be more than ample to fill the Boca Reservoir which has a capacity of 41,000 acre feet.

It is also figured Lake Tahoe may rise 1.26 feet above the make attained April 1st, at which time the lake level was 6227.04 feet above sea level. High level for the lake will be attained, it is believed, about June 25th, assuming the outlet gates are kept closed.

The level of Lake Tahoe on Monday was 6227.19 feet with no gates open at the dam. Temperatures on Sunday varied from 48 degrees to 25. Nine inches of snow remain at the lake level and .31 of an inch of precipitation was recorded last week. In the Truckee, Carson and Tahoe basins the water content of the snow is lower this year than last.

Bechdolt Improves Tahoe Property for Season

TAHOE CITY—Construction work will begin on Monday on the new \$10,000 Standard Oil Service Station which is being built in the heart of Tahoe City by Mr. and Mrs. Carl Bechdolt, Jr. Of the most modern design, completely equipped throughout, the structure will be ready for use by May 30, according to plans.

Another addition to the Bechdolt property, which will be ready about July 1st, will be twelve rustic type motor court apartments in two new main buildings. They will be constructed for year-round occupancy, with oil burning furnaces and gas stoves. Each apartment unit will contain three rooms.

N. R. Mayfield is the contractor on the fine new motor court being built.

Word was received here this week of the marriage of Miss Theda Prusso, daughter of Mr. and Mrs. Everett Prusso, former owners of the Forest Inn at Ward Creek, to Bud Teagarden, Auburn skier, who is now employed in Chicago.

The Open Highway 50 Association at the south end of the lake is still actively campaigning toward the betterment of their community.

H & W CLUB SHIFTS MEETING SCHEDULE DURING THE SUMMER

After the April pot luck supper of the H and W Philanthropic Club of Meeks Bay next Monday night, the weekly meetings will be discontinued for the summer, according to Mrs. Pearl Heller, press correspondent. During the season the group will meet the second Monday of each month. These sessions will be no host affairs and visitors are welcome.

Mr. and Ray Frazier and Mr. and Mrs. Sim Brown were co-hosts at last Monday night's meeting. Mrs. Beaulah Carnell and Roy Stark won high honors at Bingo, while Mrs. May Stark and Floyd Carnell were second.

The Carnival Dance, held in the Truckee Veterans' Memorial Building, was a huge success with over 250 attending. The six radio entertainers with Johnny Blaisdell's band who are featured over KFEK in Sacramento, gave a stage show after the supper hour that proved highly entertaining.

The H and W Club extended a

Tahoe School News

Students of Tahoe branch of Placer Union High School and Tahoe Lake elementary school were entertained on Monday afternoon by moving pictures on the telephone, exhibited through the courtesy of A. P. Leitch of the Pacific Telephone and Telegraph Company at Truckee.

Eighth grade pupils successfully wrote their county tests on the constitution last week.

Don and Janice Brodehl returned to their classes in the elementary school this week.

Bingo Twight is a new pupil in the primary room this week.

Jimmy Swanson is ill with a cold at his Sunnyside home.

At Tahoe Lake Elementary School a fine paper, called Tahoe Chatter, is published by the students. Robert Adam is editor and Billy Callender is associate editor. The April 18th issue contains many fine samples of students art work, stories on recent lectures, descriptions of nature walks and excursions taken by the school as well as stories of daily activities.

A report of the Tahoe Citizenship Club, written by Tommy Adam, the president, lists the following students as officers: Shirley Moore, librarian; Robert Stark, messenger; Paul White, health officer; Sally Cross, assembly leader, and Dennis Moore, gardener.

A report of the Social Studies Club by Billy Callender lists June White as president and Shirley Moore as secretary of the last unit club formed, which made a relief map of Tahoe among other projects. The new unit of study will consist of "Life in the Jungles".

From their interview with W. A. Simmonds, weather observer at Tahoe the students wrote several fine essays on the anemometer, thermometers, rain gauges and other weather recording instruments. The papers are printed on the new Ditto machine and present a very attractive appearance.

vote of thanks to the Truckee American Legion post and the citizens of Truckee for the splendid cooperation shown the Lake Tahoe group.

National Defense

President Roosevelt, answering a press conference question, said the American public does not appreciate the extreme seriousness of the European war and its implications regarding the United States. Public understanding of the significance of the struggle is gradually increasing, the President said, but thus far has been inadequate.

Defense Production

OPM Director General Knudsen said the nation is now about 70 per cent retooled for defense and there should be "clear sailing" ahead. OPM Production Director Biggers said mass production will begin within 100 days.

Labor Wages

Labor Department announced average earnings in manufacturing industries have risen to new levels—69.2 cents per hour or \$28.56 a week—because of increased overtime payments, increased employment in defense industries, and wages increases. Average hours for each worker per week have advanced to forty, with many defense employees working 50 hours per week, the department said.

Department of Agriculture reported expansion in industrial employment together with military conscription, had raised average farm wages to \$1.70 per day without board—highest level since 1931. Lowest wage was reported in Georgia and South Carolina—less than \$1.00 a day. Highest—\$3.13—was reported in Rhode Island and Connecticut.

Price Stabilization

Administrator Henderson of the new Office of Price Administration froze steel prices to prevent price rises. Mr. Henderson said steel price rises would inevitably be followed by other price increases.

OPM Director of Purchases Nelson said, in a radio speech, that with much of the nation's production diverted into defense channels, civilian buying would soon surpass the output of civilian goods and a "runaway rise in living costs" will result unless taxes are increased and the Government borrows from private savings to cut down the volume of civilian spending.

New Taxes

Treasury Secretary Morgenthau estimated Federal expenditures for the next fiscal year to be \$19,000,000,000, and proposed that two-thirds be raised by taxation and one-third by borrowing. Excepting revenue from present taxes to be \$9,223,000,000, Mr. Morgenthau submitted to Congressional leaders a program for \$3,444,000,000 in new taxes. Individual and business taxes would be increased one-third and taxes would be levied on many

persons previously exempt, Mr. Morgenthau said.

Army and Navy

War and Navy Departments announced a total of 1,504,759 men in active service: Navy, 242,654; Marines, 51,050; Army, 1,210,600.

The War Department announced seniors in accredited medical schools would be given an opportunity to obtain commissions as first lieutenants in the Medical Corps Reserve. The Department also announced that 2,300 enlisted men would be trained each month for Reserve officers' commissions.

The Navy, expecting to bring its strength to 532,000 men by 1947, announced recruiting in special ratings by the Naval Reserve of qualified cable company employees, seamen, firemen, signalmen, radiomen, machinists, mates, aviation mechanics and electricians.

Air Raid Spotters

War Department announced plans to enroll between 500,000 and 600,000 civilian volunteers to cooperate with the Army in a nation-wide network to warn against air attack. Groups such as the American Legion, its women's auxiliaries, the Coast Guard, forest fire wardens, weather observers and the CCC will be included in the network, the department said.

Selective Service

Selective Service Headquarters announced a program calling for education of registrants regarding the physical standards of the Army and the correction of defects by local dentists and physicians before the registrants are called to service. The program will be guided by the SS Medical Advisory Council and an appropriate committee in each state.

Headquarters also announced that all information concerning registrants, except that which the regulations specifically define as confidential, is a matter of public record open to anyone making a legitimate inquiry.

Welfare

Federal Social Security Administrator McNutt, coordinator of health and welfare activities, announced the United Service Organizations are planning to set up 339 service club facilities in crowded defense areas. Quarters for the clubs will be provided by the Federal Government. Operation will be financed through voluntary contributions, with \$10,765,000 to be sought for the first year, Mr. McNutt said.

The USO, representing national religious and welfare organizations, will attempt to tie together the services of existing organizations. Mr. McNutt said: "Its purpose is to meet leisure-time needs...of men in our

Traveling Around America

PONDEROUS PROOF

MRS. MICHAEL LERNER, famous sportswoman of New York City—with this 403-lb. catch—established a new woman's all-tackle record for striped marlin. The fish was landed in thirty minutes on a thirty-nine-thread line—off the coast of Tocopilla, Chile. The ten largest broadbill swordfish caught with rod and reel also have been taken from these waters—the world's record for broadbill again was broken last summer by W. E. S. Tucker of Tocopilla with an 860-pound catch. So popular has this fisherman's paradise become that the Grace Line now has available for the use of visiting anglers in Tocopilla a comfortable guest house and two completely outfitted fishing cruisers.

All the anglers who have fished these waters say that they have more strikes in a day here than in any other grounds they fish. Mr. Lerner caught two broadbills in one day off Tocopilla—one weighing 668 pounds; and the other 454 pounds. A few days later, he took three striped marlin in one day, while James Lowe of San Francisco caught two. Striped marlin are so plentiful in these waters that Mr. Lerner reported sighting fifty-one in a single day and expressed the opinion that anyone who went after marlin could take ten in one day. Such are the tall, but true, tales of fishing in these wonderful grounds!

EDNA MAE STARK.

Photo Grace Line

armed forces and in defense industries." President Roosevelt said: "I cannot emphasize too strongly my conviction that this work...is of utmost importance...."

Lease-Lend Activities

The President named Harry Hopkins to supervise all purchases under the Lease-Lend program. The President announced that machinery for aiding China is in existence and a list of China's needs are being studied.

Navy Secretary Knox told his press conference the Navy is giving Great Britain war materials "almost daily" from U.S. supplies on hand. He also said British warships in need of repair would be arriving in American shipyards in increasing number. U.S. Maritime Commission announced the transfer to the British of four American cargo ships, first to be loaned under the Lease-Lend Act.

Free Speech

President Roosevelt told the American Society of Newspaper Editors, in a letter read at their annual meeting in Washington, that there would be no Government control of news, except that involving vital military information.

The President said that so far as he was concerned free speech will remain in the undisputed possession of publishers and editors, of reporters and Washington correspondents, magazines, motion pictures and of

the radio "for that is where it belongs."

MISSION SAN JUAN BAPTISTA

Largest of all the Mission churches is San Juan Bautista, and the only one built like European cathedrals with three aisles.

I Am An American Day

By The President of The United States of America
A PROCLAMATION

WHEREAS Public Resolution No. 67, approved May 3, 1940 (5 Stat. 178) provides, in part:

That the third Sunday in May each year be, and hereby is, set aside as Citizenship Day and that the President of the United States, is hereby authorized and requested to issue annually a proclamation setting aside that day as a public occasion for the recognition of all who, by coming of age or naturalization have attained the status of citizenship, and the day shall be designated as "I Am An American Day."

That the civil and educational authorities of States, counties, cities, and towns be, and they are hereby, urged to make plans for the proper observance of this day and for the full instruction of future citizens in their responsibilities and opportunities as citizens of the United States and of the States and localities in which they reside.

NOW, THEREFORE, I, FRANKLIN D. ROOSEVELT, President of the United States of America, do hereby designate Sunday, May 18, 1941, as "I Am an American" Day and urge that this day be observed as a public occasion in recognition of our citizens who have attained their majority or who have been naturalized within the past year. And I do call upon all Federal, State and local officials, and all patriotic, civil, and educational organizations to join in exercises calculated to improve upon all our citizens, both native-born and naturalized, the significance of citizenship in this Nation

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States of America to be affixed.

DONE at the City of Washington this 27th day of March in the year of our Lord nineteen hundred and forty-one, and of the Independence of the United States of America the one hundred and sixty-fifth.

(Seal) FRANKLIN D. ROOSEVELT
By the President.

SUMNER WELLES
Acting Secretary of State

REAPPORTIONMENT

SACRAMENTO —(UP)— When the legislature argues over reapportioning the state's assembly and congressional districts, a fractional breakdown of the 1940 census is the chief basis of contention.

Assemblyman Fred Houser, chairman of the committee, explained that the 1940 population for California was 6,907,387. There are 80 assembly districts, which makes a theoretical division of 86,342 persons per district.

Nevada county has 19,283 population and is entitled to 223 of an assemblyman and Placer county, with 28,108, is supposed to get .325 of one, under the 1940 breakdown.

The Fife Building is on Drumm Street in San Francisco.

California gained 1151 square miles from the 1940 census, which made the first basic remeasurement of the United States since 1880.

SEE AMERICA
from border to border and coast to coast

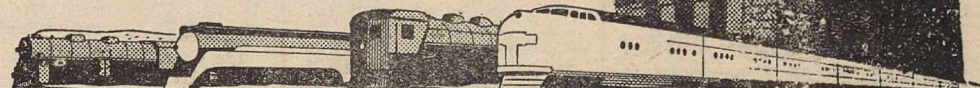

\$90 ROUND TRIP

Thousands of travelers will take time out this year to know America better. Thanks to the low "Grand Circle Tour" fares, you can see America from border to border and coast to coast for only \$90 round trip in chair cars and coaches, or \$135 round trip in standard Pullmans (plus \$45 for a Pullman lower all the way, or \$34.50 for an upper).

You can travel as many as 9,000 miles, and by going on one of Southern Pacific's Four Scenic Routes and returning on a different S. P. route, you'll see twice as much as you would going and returning the same way. For example, go to Chicago via the direct Overland Route—across Great Salt Lake and through the Rockies. Continue on to New York—direct or via Montreal. Add Boston and Portland, Maine, for no additional rail or Pullman fare.

Visit Washington, D. C. Then speed through Virginia and the Carolinas to storied New Orleans, returning home on the Sunset Route through Louisiana, Texas, Southern Arizona and Southern California. Stopover in El Paso for the thrilling \$9.75 all-expense tour to Carlsbad Caverns National Park. (You can also add a side trip to Mexico City for only \$45 on "Grand Circle Tour" tickets.)

The trip described above is just one example of how you can use two of Southern Pacific's Four Scenic Routes to see twice as much on a \$90 or \$135 ticket.

Low Round Trip Fares to all Eastern Cities

In addition to the low "Grand Circle Tour" fares shown above, Southern Pacific also offers very low round trip fares to all eastern cities.

For example:	In chair cars and coaches	In tourist sleeping cars (berth extra)	In standard Pullmans (berth extra)
TRUCKEE to CHICAGO AND BACK	\$62 ⁴⁰	\$70 ⁹⁰	\$86 ⁵⁰

You have a wide choice of fine, fast Southern Pacific trains, ranging from de luxe Pullman limiteds to friendly economy trains featuring three good meals for \$1.25 a day (breakfast 35c, luncheon 40c, dinner 50c).

Covering the Legislature

by ALLEN G. THURMAN
(Assemblyman for the Sixth District)

The past week was a strenuous one for your legislators, especially for the members of the lower house where the budget was under consideration and several other impor-

tant matters were passed upon.

The reapportionment measure was passed in the lower house after a hard fight on the part of the San Francisco delegation against the bill which takes two assembly districts from that city and one from Alameda county. The measure finally passed the assembly by a vote of 54 to 24. The writer voted in favor of the bill believing that the population basis on which was prepared was correct. San Francisco loses two assemblymen simply because under the new census they do not have the necessary population to retain them. Assemblymen representing the city by the Golden Gate endeavored to retain one seat but were out voted. Instead of nine assemblymen, the bay city will, under the new bill, have but seven while Alameda County, instead of having seven, will have six. Los Angeles County gains two seats for a total of 32 legislators in the lower house and Kern County gains one. The sixth district, of which Nevada and Placer counties are part, remains intact with a population of some 104,000. Congressman Englebright's district comprising 18 counties, likewise remains intact. The measure now goes to the Senate where San Francisco interests will continue their fight to retain at least one of the two districts the lower house took away from them.

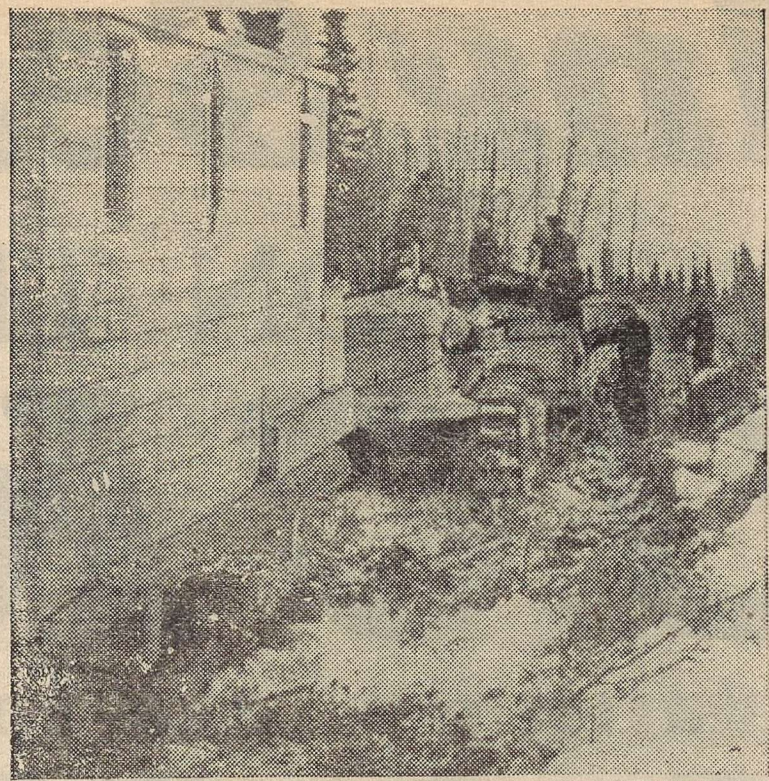

Another important measure which passed the lower house last week was the Slater "model" anti-sabotage bill giving the state new and powerful legal weapons to protect defense industries from saboteurs and fifth columnists. The measure passed by the overwhelming vote of 67 to 3. The American Federation of Labor did not oppose the bill.

Speaking of labor, there are other measures however, which the labor unions are opposing. Senate Bill 877, the hot cargo and secondary boycott. On the other hand the bill is favored by agriculture and other interests. This measure passed the Senate and is now on the assembly daily file for consideration by the lower house.

Last week the lower house spent several days considering the budget bill. Attempts to restore cuts made by the assembly ways and means committee were all defeated. The budget bill was the first order of business this week and it is possible that if the opposing groups will get together some adjustments may be made in such departments as the department of agriculture. Attempts however to restore all cuts made by the committee in the various departments are being defeated. The ways and means committee cut from the budgets of the various departments numerous proposed new positions. Likewise, telephone and telegraph expenses were cut along with numerous new automobiles. The taxpayer simply cannot have economy and create new jobs and additional work for departments at the same time. There must be curtailment of expenses, if taxes are to be kept down. The writer did not support all of the cuts made by the committee and we believe that a few adjustments, which may be necessary, will be made.

Speaking of state budgets, here are a few comparisons:
Under Richardson (1923-25) the budget was \$131,049,000. Ten years ago under Rolph (1931-33) the budget was \$248,510,000. The present budget as submitted by the administration, totals \$556,056,000. The 1941-43 budget is four times as large as the Richardson budget and is twice as

New Base to Help Guard Alaska

Deep in the wilderness of British Columbia, near Fort Nelson, a Universal Newsreel cameraman penetrated to get these pictures of start of work by Canada on first of new "stepping stone" airfields that will help protect Alaska. Communication is by radio, operated in the little shack shown. Other photo shows tractors dragging crews' quarters to construction site. (UP from Universal Newsreel.)

CAN COMPANY USES PAPERS TO PROMOTE PRODUCT'S CONTEST

Newspapers are being used exclusively by Pacific Can Company of San Francisco to promote its big, new prize contest announced May 4. The contest's purpose is to focus attention on the company's new Marvel-Lined Cans, used for Acme Beer and Ale.

Thousand-line advertisements are scheduled in principal California newspapers. They will run through the summer, until the contest's close, August 31.

Entrants in the contest are asked to finish this sentence: "The New Marvel-Lined Can is a perfect container for Acme Beer and Ale because..."

More than \$6,000 in cash and prizes are offered. The first cash prize is \$1250. This amount will be increased to \$1500 if the dealer's signature and address—as well as those of the entrant—appear on the winning entry. In this case the dealer is also awarded a \$250 bonus. There are, altogether, 103 cash prizes. In addition, a Pontiac Torpedo-styled sedan will be given away each month during May, June and July.

This year's contest is expected to be even more successful than a similar contest conducted last year. In the 1940 contest, more than 81,000 entries were received. At the close of the year Pacific Can Company's beer can sales showed an increase of 20 per cent. This year, as last, the contest is limited to California. No evidence of purchase is not required to enter.

"Newspaper advertising is again large as the Rolph budget of ten years ago. California has grown during these years but the budget has increased far greater in proportion than has the population. This is largely due to the creation of many new bureaus and state agencies. Every time a law is passed which creates new duties for a state department, it means that new employees must be added as well increased appropriations for the expense of the department. The present legislature is going to go slow in the matter of increasing the work of any department and legislation of this type is being watched carefully.

BIRDS IN SPRING ARE HEADACHE TO R. R. TEL & TEL SYSTEM

With another nesting season about to start, A. W. Flanagan, head of Southern Pacific's telegraph department, today addressed an appeal to birds that intend to set up house-keeping on the cross arms of the railroad's telegraph and telephone poles.

"It's quite all right," Flanagan says, "for our feathered friends to bill and coo to their hearts' content along our right of way, but they shouldn't stick the company for the bill that goes with the cooing."

The trouble is, Flanagan points out, that many birds have given up timber as a framework for nests and instead are using metal scraps. This practice causes short circuits that result in much annoyance and considerable expense for repairs. Some birds have even used bits of barbed wire in building their abodes and, that being the case, Flanagan hopes an offending pair of chickadees will sit down suddenly some day and get what's coming to them in the end for all the trouble they've caused the railroad!

Mission Dolores in San Francisco was founded in 1776, just six days before the signing of the Declaration of Independence.

being used exclusively," explained E. F. Euphrat, president of the can company, "because of the splendid results obtained through this medium in 1940.

"We confidently anticipate an even greater interest in 1941, because beer and ale in cans offers so many advantages to the consumer, including weight and space saving, convenience in handling, freedom from breakage, quicker refrigeration and complete protection from light rays."

The advertising and promotion is again being handled by Leon Livingston Advertising Agency, San Francisco.

CONTROLLER HITS AT ADMINISTRATION IN STATE LANDS FIGHT

SACRAMENTO—State Controller Harry B. Riley today charged the Olson administration with misuse of authority in an attempt to increase its power.

In a report to the State Legislature on his handling of tax deeded lands, Riley declared that a recent audit report made at the governor's direction "obviously was prepared for the purpose of placing control of the distressed holdings of unfortunate property owners in the hands of the State Lands Commission which the governor dominates."

The controller's administration of tax deeded property, instead of causing loss to the state, has restored \$7,500,000 worth of property to the tax rolls in the last three years alone and has helped thousands of struggling property owners to save their homes, Riley said.

Characterizing the governor's report as "careless, inaccurate and irresponsible," Riley said it illustrates graphically the urgent need of an independent method of auditing all state departments.

Citing "glaring errors of fact," he charged that in an attempt to create the impression of financial loss to the state, the administration had even computed rent on some property never owned by the state and on an entire list of other properties for a period of five years while they were privately owned.

Criticism by the governor's department of finance of the 25 per cent commission formerly paid state agents for managing tax deeded property seems strange, Riley said, in view of the fact that the department of finance itself pays a 50 per cent commission for collection of delinquent property taxes due the

NOTICE OF ELECTION
for one member of
Board of Directors
TRUCKEE PUBLIC UTILITY DISTRICT

Notice is hereby given to the Electors of the Truckee Public Utility District, County of Nevada, State of California, that an election for members of the Board of Directors of this District will be held on Tuesday, May 6, 1941, in the Utility District's office on Main Street, Truckee.

There is one member of the Board to be elected.

The polls will be open at 6 o'clock A.M. and be kept open until 7 o'clock P.M. of said day.

The officers appointed to conduct the election are: Marie A. Cabona, judge; Elsie Powell, judge; Naomi C. Blaney, clerk; Rose Kielhofer, clerk, and W. H. Laity, inspector.

By order of Board of Directors
Truckee Public Utility District
C. E. SMITH
President

W. F. WILKIE, Jr.
Dated April 1, 1941.

state.
The agen system, instituted by a former controller, was abandoned a year ago by Riley in favor of management of the property by a full-time service staff.

"There are not now and have not been for nearly a year any commission agents handling tax deeded property for the state controller," Riley stated.

BILLION FOR TAXES

Assertions in Congress that it is time for the American people to get down to the "grim realities" of the defense tax problem has now been answered. Full approval, by congressional majority and minority spokesmen clears the way for the enactment of the Treasury Department's new tax plan for \$3,444,000,000 in new taxes. This amounts to an increase of one-third in the present taxes paid by individuals and businesses, but under the new program, millions of newcomers in the smaller income groups may be enrolled on the list of Federal income tax payers. At present, the United States is paying for its rearmament effort on approximately a 20 per cent "pay as you go" rate, a ratio far below that of other English speaking nations. Britain is paying for her war effort at the rate of 40 per cent, Canada at the rate of 50 per cent, while Australia is paying off nearly all expenses out of current revenue. It is now this nation's turn to dig in grimly and shorten the big gap between income and outgo.

STALIN'S GAMBLE

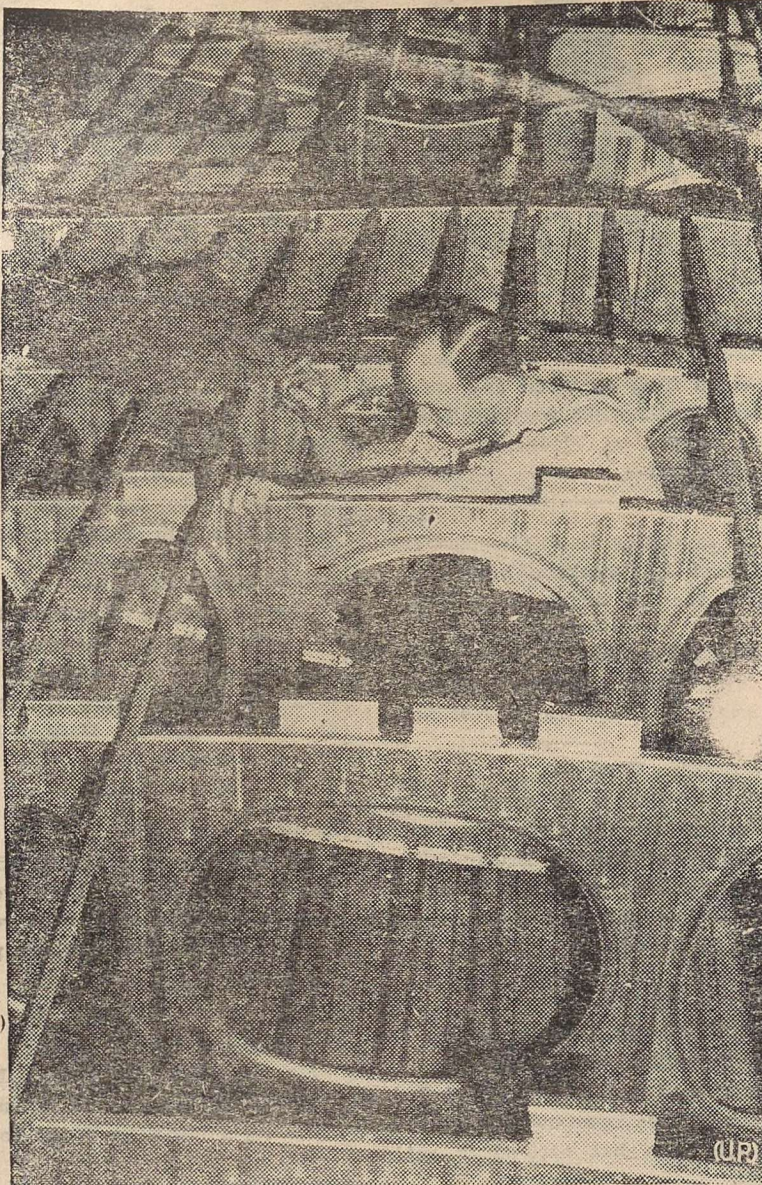

The Russo-Japanese pact, giving the Japs a free hand for her drive of conquest into southeast Asia has darkened the Far East under troubled

war clouds. This marks the conclusion of the second act of the political drama being staged by Russia, a drama which might properly be entitled "Playing Two Ends Against the Middle." The first act was the signing of a non-aggression pact with Germany in August, 1939. In each case, Russia pledged herself not to attack the very nations it is to Russia's interests to see defeated, namely Germany and Japan. In each case, the Kremlin dangerously gambled on the chance that each of her traditional enemies would be embroiled in war and defeated. If they should win, Russia will find victorious enemies at her eastern and western frontiers, with no power in the world either able or willing to help her.

BIRTH OF A NEWSPAPER

The first permanent newspaper in America made its appearance just 237 years ago this week on April 24. The advent of the Boston News-Letter, launched by the city's public-spirited postmaster, John Campbell, provoked no great stir. But in the light of subsequent history, the advent of America's first real newspaper is a significant event. Today, after more than two centuries, America's press stands as the freest in the world. Elsewhere in the world the lights of freedom of the press lie entombed. But in the United States, even more fully and diligently than in Campbell's time, newspapers continue to bring readers daily a wealth of information and unbiased news that is unparalleled. An intelligent, informed body of citizens is indispensable to the good health and strength of a democracy. With the nation's press, more than centuries after the News-Letter's founding, faithfully carrying on its high responsibility, we have a good guarantee of this democracy's unflagging strength and good health.

Ford Expert Scans Bomber Wing

U. S. automobile industry which is taking over increasing amount of national defense work, soon will give military aircraft production a jolting shot in the arm. Ford, for example, is readying to build assemblies for four-motor Consolidated bombers. This Ford expert goes inside a center wing section to study structural details as tooling job gets under way.

THEY FOLLOW—OR ELSE

Regardless of its direct bearing on the case, the testimony of the government witnesses at the Bridges deportation hearing in San Francisco has shed illuminating light on Communist party activities in the United States. Former party members' testimony reveals that the Communists, though professedly the only real fighters for "true democracy," are quite the opposite in reality. In party conclaves, policies and practices, members abjectly followed the party line, established in Moscow—or were summarily kicked out. Any deviation from this "sacred" line, any murmur of criticism by an obstinate comrade, was

met with expulsion or other punishment. This was the fate, among many, of a worker on a New York Communist journal who refused to pen "Gone With the Wind." These willing dupes of dictatorship, walking in lockstep to their master's orders, seem remarkably ill-fitted to lead the world to "true democracy."

FOOTNOTE TO HISTORY

In the devastating air attack which swept across London one night last week, one of the hundreds of thousands of bombs dropped by the German air force brought death to Lord Stamp, one of Britain's foremost economists. His death was news, but not only because of his fame. Lord

Hot Lunch Discussion Occupies Mother's Club

KINGS BEACH—Sixteen members attended the meeting of the Mother's Club on the evening of Friday, April 18th.

Discussion of the children's hot lunches was the highlight of the meeting. The children will pay 25 cents per week until further notice. President Vesta Burt appointed a committee to purchase some new pots and pans that are sorely needed.

Health scales were presented to the school by Mrs. John Gallerani and were greatly appreciated.

Bridge and whist were enjoyed by the members until refreshments were served.

The Mother's Club is doing a real community service and deserve a great deal of credit.

in his work rock veneering the outside of the Buckhorn Inn at Kings Beach.

Breaks Arm—

Gertrude Waters broke her left arm on Tuesday when she stumbled over a rock while playing. The arm was x-rayed on Wednesday.

To Oakland—

Mr. and Mrs. L. A. Greene were in Oakland last weekend buying spring stock for the variety store here.

Attends Funeral—

Mrs. Hannah Stewart attended a funeral in Grass Valley last week.

At Bottling Works—

Dallas Brown is employed as a salesman for the Coca-Cola Bottling Company of Truckee. Brown, who has been working at Soda Spring this winter has returned from a weeks visit in Nevada.

Goes to Seattle—

E. K. Sheets, operator at the Donner Summit airways station, has been transferred to Seattle and left last week for his new post. John Lassano of Stockton has arrived to replace him.

Sheriff is Visitor—

Sheriff Carl J. Tobiasen was a Truckee visitor from Nevada City on Tuesday.

Here with Friends—

Mrs. Veda Russi of Sacramento was here this week visiting with friends and looking after local property which she owns.

From San Francisco—

Kenneth Foster is in town this week visiting friends. He is now employed in San Francisco.

Go to Bay Region—

Mr. and Mrs. R. I. Moore left for the bay region on Monday. Moore had been employed by the highway department here for two years.

At Capitol—

Mrs. E. C. Bavie visited in Sacramento during the weekend.

Fees and Fines—

Justice of the Peace C. E. Smith paid \$140 into the county treasury during March in court fines and fees.

Attend Lodge Session—

Members from Truckee Chapter No. 116, O. E. S., who attended the social evening of the Grass Valley lodge on Monday were Mr. and Mrs. D. W. Bowen, Mrs. Hannah Stewart and Mrs. Jennie Moore.

Return from Visit—

Mr. and Mrs. Ben Tonini and Miss Hazel Pearl Nelson have returned from a month's visit with relatives and friends in the southern part of the state.

On Trip—

Mr. and Mrs. Sig Ulland, Mrs. E. Rossarini and Mrs. J. H. Bernard are spending a few days in the bay area.

Gas Prices Advance—

Gasoline prices advanced a half a cent a gallon throughout the west today, according to local dealers.

To Lions Session—

W. M. Englehart, Jr., C. J. Bowers and W. M. Englehart, Sr., attended Lions clubs' district meeting this week in Auburn.

Tahoe Region News Briefs

TAHOE CITY—Among the lake shore resorts which will open about May 1st are Cal-Neva, Cal-Vada and Brockway at the north end of the lake; Camp Richardson, Young's Bijou, Connolly's Hotel and State Line.

Resorts planning to open about May 15 are Chamber's Lodge, Pomin's Hotel, Meeks Bay and various other resorts on the western shore including Kings Beach, Carnelian Bay, etc., as well as Jameson's Beach and other resorts in the Tahoe Valley at the south end.

Resorts which will open around the middle of June include Tahoe Tavern and Bal Bijou and Glenbrook on the Nevada side.

Globin's Al Tahoe and Wylie's Zephyr Cove Beach have been open for some time.

The Hut at Homewood will open for the Decoration Day holidays.

All resort owners are busily engaged in improving and adding to their properties in anticipation of a busy season.

At Young's Bijou a new coffee shop is being built on the highway. At Connolly's several new cottages are in course of construction. At State Line a new electric supply shop is being added by Richard Ronzone.

At the Tahoe Valley Wye new buildings have been added to the Lampson Produce Company group.

At Bijou Park construction was started on several new homes, including a large, native stone residence for George Monohan of the motor vehicle department in Sacramento.
